

Allegro DanceWorks' Programs and Schedules 2019-2020

Primary Program (age 6)

Students in this program are offered separate classes in the disciplines of Ballet, Jazz and Tap. It is your choice to select one or more disciplines.

Ballet:

We strongly recommend classical ballet training as a starting point for the young dancer. Dancers will acquire an understanding of basic classical technique, which in turn will increase coordination, muscular strength, posture, musicality, flexibility, balance and gracefulness. We follow the Royal Academy of Dance (RAD) syllabus, an internationally accredited ballet training program. Primary is the second level of the RAD General Graded syllabus.

Jazz:

Jazz is an excellent addition to ballet as it compliments classical training while introducing children to a more freestyle form of dance. From sharp and fast, to soft and flowing, students will find jazz to be athletically challenging and fun. Classes are based on the Associated Dance Arts for Professional Teachers (ADAPT) syllabus.
